Supporting Wisconsin Veterans.

One Bike at a Time. One Hero at a Time.

We are a nonprofit dedicated to healing the mental and physical wounds, suffered by Wisconsin Veterans during the course of active duty, through the therapeutic benefits of owning and riding a Harley-Davidson motorcycle. We will raise funds, purchase a motorcycle and gift it to a deserving Wisconsin Veteran Hero. One Bike at a time. One Hero at a time.

There is a long-standing tie between our military, its service members and the benefits of motorcycling. We believe regaining the freedom of the road, the support and camaraderie amongst riders, and the pride and peace found in ownership can support healing for those Veterans who have long enjoyed the passion for riding and now find themselves struggling and without means to have a bike in their lives. Gifting a motorcycle as the life-changing tool, we will support the healing of injured WI Veteran riders by returning the alternative therapy found in riding. Presenting one bike at a time to one hero at a time, it is our hope we make their rough road a little smoother.

We are a nonprofit dedicated to healing the mental and physical wounds, suffered by Wisconsin Veterans during the course of active duty, through the therapeutic benefits of owning and riding a Harley-Davidson motorcycle. We will raise funds, purchase a motorcycle and gift it to a deserving Wisconsin Veteran Hero. One Bike at a time.

About Us

Founding Board

Kevin and Audra, Craig and Michelle. Two brothers and their wives. Two ride and two don't. All four solid Wisconsinites. Parents to a collective mass of five amazing people. One lawyer, one nurse, one government employee, one communications consultant. Not one of us served, but all are grateful to those who have protected our freedoms, and continue to do so, on our behalf. So how did we get here? Thanks Kevin!

Looking to combine two long time passions of Veteran support and motorcycle riding, Kevin had been looking for a way to make a large, impactful difference in a small number of lives rather than a slight difference across many. In the fall of 2014, he read an article on the therapeutic benefits of motorcycle ownership amongst Veterans with PTSD, particularly when faced with different challenges upon returning to civilian life, and the healing connection made immediate sense. After realizing nobody else in the nation offered this alternative therapy, Hogs For Heroes came to life with a small family vision and our nonprofit designation in 2014.

Knowing our limited volunteer work would be done on the side of jobs and family life, we focused on our Wisconsin Veterans and set a goal of gifting one Harley a year to change one life a year. We raised our first dollar in the Spring of 2015 and, right on plan, gifted our first Harley on May 4, 2016. We consider that very first gifting to be "our birthday"; and every year since, with amazing Supporters at our side, our grassroots effort has grown to positively impact more Veterans, as well as those who support them, than we ever imagined. Despite our goal of gifting one Harley a year, in just 8 years of gifting Harleys we've put 50 injured Veterans back on The Road on beautiful bikes they pick out...and we'll be changing, if not saving, another 10 more in 2025. We direct 100% of every donation straight to our next Veteran & Harley pairing, and nothing else.
